...IT'S MIANNE

This open grid style benchwork is ideal for all sizes and gauges of layouts. It will save you both time and money.

There is no longer any reason to spend valuable hobby hours figuring, selecting and cutting materials.

You can assemble your own custom **MIANNE** bench in just minutes with only a screwdriver.

"It goes together quickly and easily"***

"It requires no carpentry skills and few tools"***

"It can be easily expanded"***

"It comes apart and can be reused"***

"Each Mianne order is supplied with a color-coded assembly diagram and well written instructions. We had our sample assembled in under 2½ hours, including pauses to write review notes."***

"Everything on our sample fit as it should, and the construction process was actually fun"***

Excerpted from **O-Gauge Railroading, December 2005 product reviews by Barry Lewis

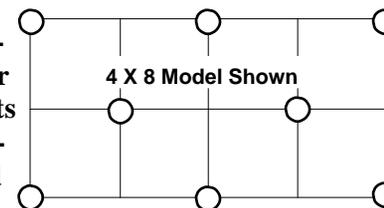

"That's all there is to it: no mess, no cutting, no drilling or sawdust. This can be done (Mianne assembly) in the living room on a carpet and a basement can be filled in an evening"*

"With so much work done in advance and the high quality of the parts, there can be real advantages to using this system."**

*excerpted from **Railroad Model Craftsman**, Nov. 1997 product reviews by Bill Schaumburg. Please visit miannebenchwork.com to read the full review.

RECTANGULAR STARTER KITS

Traditional rectangular shaped layouts that are great for any size room. These kits are a perfect starting point for the beginning modeler or seasoned veteran that wants something to get the trains up and running. As the focus of your railroad changes these kits can be expanded or disassembled and reassembled into your dream layout.

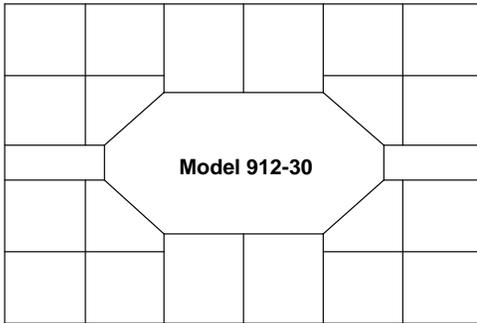

Size (Model Number)	Price
Gift Certificates	Any Denomination
4 X 6	\$249.00
4 X 8	299.00
4 X 10	389.00
4 X 12	429.00
4 X 16	539.00
6 X 8	429.00
6 X 10	519.00
6 X 12	589.00
6 X 14	685.00
6 X 16	749.00
6 X 20	959.00

Don't see a size that works for you? Give us a call and we'll design a kit just for you. There are no extra charges for custom sized kits, we just want to make sure we sell you what you need to get your trains out of the workroom and on the tracks.

Around the Room Layouts

Are you looking to build a layout that features continuous running trains? These room filling kits may be just what you're looking for. Check out the chart below for a size that will work in your layout room. None of the sizes quite fit your area? Give us a call and we'll modify any kit so it will work in your home. Don't forget: All **MIANNE** kits and parts can be combined for unlimited layout design possibilities. Because **MIANNE** is changeable and expandable you can start at any size and add to your layout as time and budget permit.

Do you have a track plan or a room size that doesn't seem to work with our kits? No problem! Almost half of our business is layouts designed for an individual application. Best of all we do not charge anything extra for this service and even supply you with a color coded assembly drawing for your layout at no additional charge! It just doesn't get any easier than *MIANNE*.

“I was able to change the configuration of the layout in minutes, making better use of the space in the room (my wife thanks you). Me? I get to try out another track-plan. Great product.” **Steve R.**

“With easy to follow color coded diagrams, assembly was very enjoyable. Assembly was easy and the hardware was top notch. About 12 hours later, we had the 28'x20' layout complete and level. Every stick was perfect out of the box and the fit was exact. The light weight construction was super strong.” **Al Z.**

All pieces lock together with a simple half turn of a screwdriver. You can assemble, change and reassemble in minutes. There is no need to construct permanent modules or sections. All pieces are interchangeable at any time.

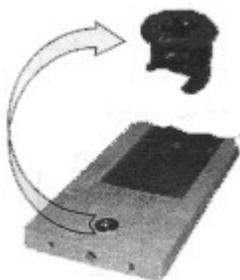

MIANNE I-Beams are constructed of a hardwood frame with an MDF* web for exceptional strength and dimensional stability

as well as light weight that no solid wood can match!

Legs are constructed from solid hardwood and include the unique **MIANNE** multi-directional top with a fully adjustable leg leveling system. All mounting holes are accurately pre-drilled for easy assembly.

Quick lock cam fasteners are fast, strong and keep joints square for quick and accurate assembly. Pre-drilled mounting holes allow quick attachment of **MIANNE I-beams**

PARTS LIST

All **Mianne** parts are available separately to make sure you only buy what you actually need. If you need help in determining exactly which parts you need please call us and we will be glad to help out. Legs are available in any height and custom length I-beams are also available upon request.
